

Hey, &#x26;#x26;First Name>> &#x26;#x26;Last Name>>

It's always great to relax after a long day of hard work. We noticed that you haven't installed our app yet. It's very important to charge your phone to continue on your day. With a fully charged phone to use and a gift card to spend the day will come in handy.

### Introducing Relax

Relax is a mobile app that allows you to charge your phone to earn points for rewards.

[More Info](#)

### How it works

When your phone is under 50%, use the app to receive points by charging. You earn points based on the duration of your charge uninterrupted.

### Relaxing Rewards

You exchange points for gift cards, tickets, and more. This includes PayPal, games, and movie tickets.

### Make it Yours

Relax allows you to change the menu theme whatever your heart desires. From wallpapers, color background, and battery indicators. You also can download themes from other Relax users at the theme shop.
